Suggested Materials for Gig 101 Workshops

Materials to Print

You will find all pre-prepared activity materials for printing (PDF and Word versions) [here](#).

Other Materials

Activity 2. Spectogram
red, green, and yellow note cards (only if doing seated version of activity)

Activity 3. Perform the Net | Understanding High Speed Internet
Supplies that can be used to 'build the internet'. In the past we have provided things like: popsicle sticks, pipe cleaners, washi tape, note cards, stickers, string/yarn, pom poms, streamers, straws, etc.

Activity 4. Sticky Note Art | Understanding High Speed Internet
sticky notes (multiple colors), pre-organized into two stacks of 30

Activity 7. Let's Gigovate
Blank note cards (if having workshop participants call out audiences and challenges)

Activity 8. A Gig Idea
Markers, crayons, or colored pencils would be useful - but not necessary - for this activity

Other
Pens
Markers/crayons/colored pencils
Blank index cards (for people to write down notes, questions, etc. during the workshop)

Please also let us know if you'd like us to send some Mozilla Gigabit stickers.
